

## Price List (Effective May 1, 2026)

| MODEL                          | DESCRIPTION                                                                         | UNIT PRICE      |
|--------------------------------|-------------------------------------------------------------------------------------|-----------------|
| <b><u>RACK INSTRUMENTS</u></b> |                                                                                     |                 |
| 1450B                          | Disciplined Rubidium Frequency Standard, Rack Mount, 10MHz outputs .....            | \$13,400        |
| 1450B/01                       | Disciplined Rubidium Frequency Standard, Rack Mount, adds Synthesized Outputs ..... | Contact Factory |
| 1450B/02                       | Disciplined Rubidium Frequency Standard, Rack Mount Custom Configurations .....     | Contact Factory |

### **TABLE TOP INSTRUMENTS**

|              |                                                                                                 |         |
|--------------|-------------------------------------------------------------------------------------------------|---------|
| 409C         | 171MHz ,4-Channel Frequency Synthesizer with USB Serial Interface .....                         | \$1,650 |
|              | 409C OPTIONS: .....                                                                             |         |
|              | -AC - Adds Two Rear Panel SMA connectors for external timing control .....                      | \$150   |
|              | /R - Adds Lock internal clock to customer supplied 10 MHz Signal .....                          | \$350   |
| 409B/USB     | 171MHz ,4-Channel Frequency Synthesizer, USB Serial Interface and J8 Connector, no RS232 I/F .. | \$1,650 |
|              | 409B/USB OPTIONS:                                                                               |         |
|              | -AC - Adds Two Rear Panel SMA connectors for external timing control .....                      | \$150   |
|              | /R - Adds Lock internal clock to customer supplied 10 MHz Signal .....                          | \$350   |
| 409B Classic | 171MHz ,4-Channel Frequency Synthesizer with RS232 Serial Interface .....                       | \$2,195 |
|              | 409B Classic OPTIONS:                                                                           |         |
|              | -AC - Adds Two Rear Panel SMA connectors for external timing control .....                      | \$150   |
| 426A         | 400 MHz, 2-Channel Frequency Synthesizer, sine wave outputs, RS232 Serial Control DB9 .....     | \$2,495 |

### **BOARD LEVEL SYNTHESIZER MODULE**

|        |                                                                                            |         |
|--------|--------------------------------------------------------------------------------------------|---------|
| DDS9m  | 171MHz 4-Channel Frequency Synthesizer Module, Sine Wave and LVCMOS Outputs.....           | \$1,400 |
| DDS8mh | 100MHz 1-Channel Frequency Synthesizer Module with Oven Oscillator and LVCMOS Output ..... | \$1,200 |

Terms and Conditions: All prices in U.S. Dollars, EXW Bothell, Washington, USA. International sales may be subject to local variations: please request a quote or a pro forma invoice when ordering. Novatech Instruments standard warranty applies to all orders unless modified with the written consent of Novatech Instruments.

Prices subject to change without notice.
